Jeff: assistant country director
Testimony	Throughout our 25 years of missionary service in Africa, we have taken chances, faced challenges, and seen many changes. Through it all, we have experienced God’s faithfulness and provision. As new missionaries, we claimed 2 Corinthians 3:4-5 as our life verses, reminding us that “God is our adequacy.” We relied on God’s help as we adapted to new cultures and learned to use our professional skills in new ways. We sought His help as we built relationships with our missionary co-workers and those we serve in Africa. As we continue to serve, we continue to rely on God to be our adequacy. In Uganda we encounter both great challenges and great joys as we experience God working to bring wholistic transformation to lives. We are excited about continuing to serve God in Uganda and the surrounding countries. As we grow in our personal relationships with Christ, we want to share more of the abundant life in Him with others.
